The Sutherlands' story is an inspiring tale of adventure and following your dreams. It is a reminder that anything is possible if you set your mind to it. Their journey is also a testament to the power of family and the importance of spending time together.

The Sutherland Family

The Sutherland family consists of four members: Scott, Michelle, and their two children, Ethan and Olivia. Scott is a former commercial fisherman and Michelle is a stay-at-home mom. Ethan is 12 years old and Olivia is 10 years old.

The Sutherlands are a close-knit family who loves spending time together. They are also very adventurous and have always dreamed of sailing around the world. When their children were old enough, they decided to make their dream a reality.

Sailing Elsewhere

The Sutherlands' boat, Elsewhere, is a 44-foot catamaran. They chose a catamaran because it is a stable and comfortable boat for long-distance sailing. Elsewhere is also equipped with everything they need to live off the grid, including solar panels, a watermaker, and a freezer.

The Sutherlands have sailed Elsewhere to over 30 countries and across three oceans. They have visited some of the most beautiful places on Earth, including the Galapagos Islands, the Caribbean, and the Mediterranean Sea.

The Journey

The Sutherlands' journey has been full of adventure and challenges. They have encountered storms, pirates, and even a hurricane. But through it all, they have never lost sight of their dream. They have also learned a lot about themselves and the world around them.

The Sutherlands' journey is a reminder that anything is possible if you set your mind to it. It is also a testament to the power of family and the

importance of following your dreams.

The Future

The Sutherlands plan to continue sailing Elsewhere for many years to come. They have no set itinerary and are open to whatever adventures come their way. They are also excited to share their story with others and inspire them to follow their dreams.
