## Origins in Ancient Wisdom

The origins of the Deception Portals of Yahweh can be traced back to ancient mystical traditions, including Kabbalah and Hermeticism. In Kabbalah, these portals are associated with the sephirot, or divine emanations, that form the Tree of Life. Each sephirah represents a different aspect of consciousness, and the Deception Portals are said to be the gateways between these realms.

In Hermeticism, the Deception Portals are associated with the ascent of the soul through the seven planetary spheres. Each sphere corresponds to a different level of consciousness, and the Deception Portals are said to facilitate the transition between these spheres, leading the seeker to a higher state of being.

## **Characteristics of the Deception Portals**
