Sapphire Steel is one of the first Steels to be created. She is assigned to work with Detective Inspector Ted Stone, a cynical and world-weary cop. Together, they investigate a series of high-profile crimes.

As they work together, Sapphire Steel and Ted Stone begin to develop a close bond. They learn to trust each other and to rely on each other. They also learn to appreciate each other's strengths and weaknesses.

Sapphire Steel

Sapphire Steel is the main character of the show. She is a cyborg who was created by the government to fight crime. Sapphire Steel is a powerful and skilled fighter, but she is also compassionate and caring. She uses her powers to help others and to fight for justice.

Sapphire Steel is a complex and well-developed character. She is strong and independent, but she is also vulnerable and insecure. She is a fighter, but she is also a lover. She is a hero, but she is also a human being.

Detective Inspector Ted Stone

Detective Inspector Ted Stone is Sapphire Steel's partner. He is a cynical and world-weary cop who has seen it all. However, he is also a good man who cares about justice.

Ted Stone is a complex and well-developed character. He is tough and cynical, but he is also kind and compassionate. He is a loner, but he is also a team player. He is a cop, but he is also a human being.

Other characters

The show also features a number of other characters, including:

- Professor Ian McClaren: The scientist who created Sapphire Steel.
- Dr. Helen Sinclair: The doctor who looks after Sapphire Steel.
- Captain John Ross: The head of the Steel program.
- Detective Sergeant Jane Mitchell: Ted Stone's partner.
- Detective Constable David Harris: Ted Stone's other partner.

The show explores a number of themes, including:

- The nature of good and evil
- The importance of justice
- The power of friendship
- The strength of the human spirit

Sapphire Steel was a critical and commercial success. It was praised for its strong female protagonist, its exciting action sequences, and its thought-provoking themes. The show has been compared to other classic science fiction shows, such as *The X-Files* and *Doctor Who*.

Sapphire Steel has had a lasting impact on popular culture. The show has been referenced in other works of fiction, and it has inspired a number of fan-made works. The show has also been credited with helping to pave the way for other strong female characters in science fiction.

Sapphire Steel is a classic science fiction show that is still enjoyed by fans today. The show's strong female protagonist, exciting action sequences, and thought-provoking themes make it a must-watch for any fan of the genre.
